Field visits in Škocjanski zatok Nature reserve (optional):

- **at 10:30** – Field trip guided by NR staff will focus on main characteristics of Škocjanski zatok biodiversity – birds, water habitats etc. Participants are asked to inform the organiser about the interest for the field trip by Thursday, 19.9., to e-mail bojana.lipej@dopps.si. Guiding will be provided if there will be at least 5 participants.
- **at 18:00** – Field trip will follow the indoor part of the workshop and give possibility to deepen the discussion on green infrastructure planning and management.

Event will be organised by the Institute of the Republic of Slovenia for Nature Conservation (Zavod RS za varstvo narave), EUSALP Action Group 7 (co-lead), in cooperation with the Slovenian Ministry of the Environment and Spatial Planning.

Project “AlpGov” is co-financed by the European Regional Development Fund.

Workshop will be organised within the Mediterranean Coast and Macro-Regional Strategies Week 2019.
